

Weekly Update – 5th October

Portobello High School Parent Council is recruiting for a volunteer secretary

The Portobello High School Parent Council exists to represent the views of parents and carers in the running of the school, promote effective communication between parents/carers and the school, and to support the school and its students through fundraising and other involvement. The Parent Council is currently seeking a volunteer to take on the vacant secretary role. The secretary records the minutes of Parent Council meetings and is responsible for supporting communication by the parent council using email and social media. An allowance is available to ensure any costs and time spent are covered. This is an important role for the effective running of the Parent Council and its achievement of its purpose and objectives. If you have a keen interest in supporting the school community and would like to know more, please let us know by contacting the school office in the first instance.
