

## Weekly Update 30<sup>th</sup> April 2021

### May Holiday and In Service

A reminder to all our families that the annual May Day holiday is on Monday 3 May and this will be followed by an In Service Day for staff. School re-opens to our young people on Wednesday 5 May at 8.30am. We hope everyone has an opportunity to enjoy some sunshine over the long weekend!

### SQA Alternative Certification Model

Following our Parent Information Evening on Monday of this week, further information has been sent home by email to families in S4-6. This included a copy of the presentation used, information about weighting and feedback on specific question raised by parents.

### Drama

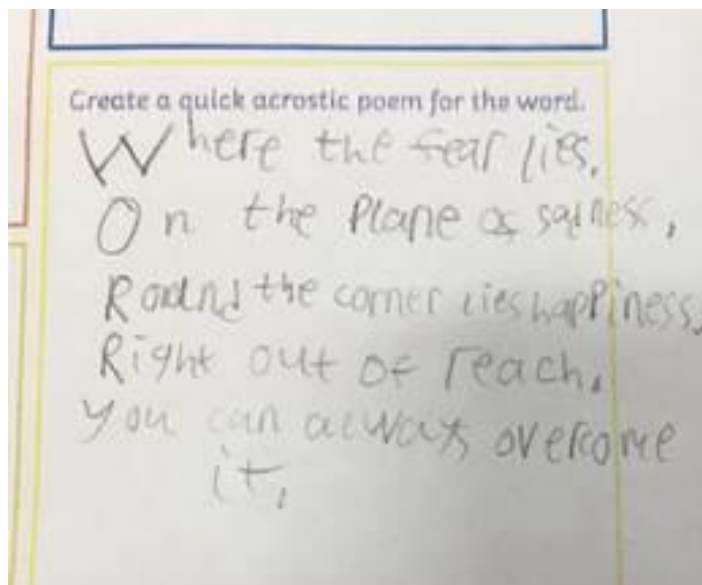

“Watching the N5 and Higher performances since we have been back in school has been an absolute pleasure. I have missed live theatre so much and these pupils have given both myself and their peers some really wonderful live theatre experiences, right here in PHS – thank you so much!” Ms Beynon.

## Wellbeing Hub

Our new Wellbeing Hub has been busy working on numeracy, literacy and health and wellbeing. We have started a new healthy lifestyle topic to understand what makes our body and mind healthy and are challenging ourselves to walk a mile each day.

Here is an excellent acrostic poem about worry by one of our talented young people.

## FTT

The bakery class have been making biscuits and practising their embossing and texturing skills this week.

Bakery NPA finished their Cupcake Topper project this week and some of the results are absolutely exceptional.
