

S3/S4 Pathways

Course Choice Form 2024-2025

Name:

Key Adult Group:

How to Complete Your Course Choice Form

- Read the **S3/S4 Options booklet** and use it to help you plan a pathway for your future.
- Remember, all students in S4 study Mathematics and English. In addition, you will have Core PE and PSE lessons.
- Use the **table overleaf** to indicate your **5 preferred course choices** for S4.
- **Rank** your preferred courses from 1 to 5 (1 = most preferred, 5 = least preferred).
- You should also include **2 reserve courses** in the table in case we are unable to give you your top 5 choices.
- **Rank** your reserve courses as 6 (first reserve choice) and 7 (second reserve choice).
- Indicate the appropriate level of study (Level 4 or Level 5) by placing a ☒ in the appropriate box. Refer to the course choice booklet, your most recent school report and your teacher's advice to find out which level is most appropriate.
- Avoid choosing courses you have not studied in S3 without speaking to your Pupil Support Leader first. The exceptions to this are accountancy and bakery.
- Once you have completed the table overleaf, **sign** the box below to **confirm** your choices.
- Ask your **parent or carer** to **sign** the other box below to confirm they **support** your choices.
- **Bring this form to your coursing meeting which will be 24th Jan-2nd Feb.**
